

SERVICE/MISSIONS

Annual Yard Sale

Funds raised benefit overseas missions and children's ministries.

Backpack Buddies for Coosa Elementary - Becki Abrams

WE partners with Coosa Elementary School to provide a backpack with food for the weekends and holidays.

Be the Church - Tracy Amaya, Erin Filler, Allison Murphy

Once each year WE sponsors a "Be the Church" Sunday during which we seek not to "Go" to church but to "BE" the church. WE serves the community through projects that have included power washing a local women's shelter, cleaning up an old abandoned cemetery, baking and delivering cookies to our local fire houses, visiting nursing homes and picking up trash along the road.

Loads of Love - Linda Formby

Ministry at local laundromats

Birthdays At Bayview - Linda Thompson

Once a month WE sponsors a birthday party for the residents at one of our local nursing homes. Birthday celebrations are held the second Thursday of each month at 3:00 pm. Volunteers are needed to bake cupcakes, and any and everyone is invited to come and mingle with the residents.

Blood Drive - Tara Price

Disaster Relief - Lane Glaze

Migrant Farm Worker Families - Dave and Melissa Mandell

Each spring and fall our community hosts several hundred farmworkers who come to pick the locally grown crops that we all love to eat. This ministry offers opportunities to help these families adjust while they are in Beaufort.

Panama Medical Mission - Tom & Kay Potenza

For the last few years WE has supported Tom and Kay Potenza in their annual pilgrimage to Panama to work with an ongoing medical mission to the indigenous peoples there. Typically WE raises medical supplies and funds to support this clinic which has been operational for several decades now.

Salkehatchie Summer Service

Salkehatchie Summer Service is a servant ministry at selected sites in South Carolina involving high school and college age youth and adult community leaders. Participants upgrade housing for those in need by motivating community cooperative efforts and by helping persons to help themselves – providing all involved with opportunities for personal growth and service. The camps begin in May and continue throughout the summer following an eight day format. Each summer WE supports this vital ministry by feeding the camp that is based in northern Beaufort County.

The Giving

Countywide Thanksgiving food mission.

Walk For Water

Nationwide funding for water purification..
